

PEDAGOGICAL MERIT REVIEW FORM

Form for Instructors

The Canadian Council on Animal Care (CCAC), which oversees animal-based activities in research, teaching, and testing, requires that all animal-based teaching and training projects undergo pedagogical merit review, ideally by at least two independent experts in pedagogy and/or replacement alternatives prior to their review by an animal care committee.

Reviewers will assess if intended learning outcomes align with learning assessment methods, and if both align with learning activities in support of the intended outcomes.

Title of Project :	
Instructor Name (S):	
INTENDED LEARNING OUTCOMES	
a. Specific The course should include...	
b. Measurable The course should include...
